

The 2018 International Power Electronics Conference -ECCE Asia- (IPEC-Niigata 2018 -ECCE Asia-) Instruction for Oral Sessions

Time Allocation for Presentations

Oral presentations are allocated 25 minutes. A typical presentation includes two minutes for preparation and introduction of the speaker by the chairperson, and 23 minutes for the main presentation, including approximately five minutes of Q&A/discussion.

The session times of the presentations are listed in the program book.

* **“No Show Papers” will not be included in IEEE Xplore.**

Audio Visual Equipment

Oral presentations should only be presented by PC (PowerPoint etc.).

All speakers are requested to use their own laptop PC: either Windows or Macintosh.

The session rooms are equipped with a video projector. PCs must have a display output interface with a D-sub 15-pin plug. If necessary, bring an adaptor. No overhead projectors may be used.

Presenters are recommended to bring their presentation data by a USB memory stick as a backup.

The electrical supply is 100 volts AC. Presenters are responsible for transformers and plug adapters.

Speakers should note the following:

1. Arrive at the session room and inform the conference staff at least 15 minutes before the session starts.
2. When your turn is next, go to the next speaker's seat in the front row of the session room.
3. When it is your turn, bring your PC to the podium and start your presentation after being introduced by the chairperson. Turn off all power-saving features (sleep mode, screen saver, password, etc.) before starting your presentation.
4. After the presentation, disconnect the cable, and remove your laptop.

PC Check

We strongly recommend that the presenter should check the connection or compatibility of your PC with the video projector in the session room during the break time before your presentation. Projectors are also available at the Self Preview Corner (PC Check Room).

At this meeting, submit a written biography (100-200 words) to the session chairperson so that he/she can briefly introduce the speaker at the beginning of your presentation. A biography form is provided at the end of this document.
