Power Electronics for Sustainable Society

Call for Papers

The Industry Applications Society of the Institute of Electrical Engineers of Japan is pleased to announce that the International Power Electronics Conference IPEC-Niigata 2018 -ECCE Asia- will meet May 20th through 24th, 2018 at TOKI MESSE Niigata Convention Center in Niigata, Japan. This international conference is co-sponsored by IEEE Power Electronics Society and IEEE Industry

Applications Society.

As the eighth IPEC since 1983, the conference will provide a unique opportunity for engineers, researchers and academicians to assemble in a beautiful water-front city and exchange the latest information on power electronics, motor drives, motion control and related subjects. All papers presented will be published in the IEEE Xplore.

Deadline for Extended Summary October 16, 2017

An extended summary describing work not previously published or presented must be electronically submitted in a PDF file through the conference website no later than October 16, 2017. The submitted extended summary will be reviewed via a peer review process in order to ensure the highest technical quality of the conference. The extended summary should clearly define the salient concepts and novel

features of the work. Be sure to mention past or previous works to distinguish your originality from them. Detailed instructions will be shown on the IPEC-Niigata official website,

<http://www.ipec2018.org>

Authors will receive notification of acceptance by e-mail on or before January 10, 2018.

Deadline for Final Manuscript March 9, 2018

Authors of accepted papers will be required to submit a final manuscript not exceeding eight pages in length for publication in the Conference Proceedings by March 9, 2018 together with the conference

registration and the required fee. Authors whose extended summaries are accepted will receive detailed authors' instruction by e-mail.

Registration

Persons intending to present a paper or wishing to participate in the conference are asked to register online with full payment of registration fee in Japanese YEN.

Registration Policy

All accepted papers must be presented at the conference and be associated with a full registration. Full registration can cover two papers, but the second paper needs one student registration or student registration fee.

Venue

The city of Niigata is located at 300 kilometers (186 miles) northwest of Tokyo—a two-hour train ride on the Joetsu Shinkansen (bullet train). Niigata Airport connects some foreign cities including Shanghai, Harbin, Seoul, and Taipei directly and major domestic cities in Japan.
